COMPANY PROFILE

SEACABLES

MARINE CABLES
& ELECTRICAL EQUIPMENT

SeaCables, member of Seabright, is dedicated to the distribution of marine cables. With over 40 years of knowledge in the maritime industry, we are a global supplier of cables and cable accessories. Over the past years we have delivered several new building projects in Greece and abroad.

Due to our technical expertise we have been part of major retrofit projects to some of the leading shipping companies worldwide. The Head Office and warehouse is located in Piraeus close to the port. This site covers an area of 3.500 square meters which is the base of operation.
